PROFESSIONAL SUMMARY

Detail-oriented professional combining a background in pastry and food-service operations, construction project documentation, timekeeping, payroll support, warehouse inventory control, and data analytics training. Skilled in organizing records, monitoring materials and stock, supporting production and purchasing, preparing reports, and analyzing business data. Trained in Microsoft Excel, SQL/MySQL, Power BI, and Python, with project experience in dashboard development, data cleaning, KPI reporting, and operational analysis. Seeking opportunities in Data Analytics, Operations Management, Business/Operations Analysis, or Document Control.

CORE COMPETENCIES

Data Analysis & Reporting • Excel & Power BI Dashboards • SQL/MySQL • Python Data Cleaning • KPI Monitoring • Operations Coordination • Production Planning Support • Inventory & FIFO Control • Purchasing/Supplier Coordination • Product Costing & Cost Control • Document Control & Filing • Timekeeping & Timesheets • Payroll Computation Support • Warehouse/Material Monitoring • Quality Control • Process Improvement • Record Accuracy

TECHNICAL SKILLS

Data Analytics & Business Intelligence

- Microsoft Excel: Advanced Excel, PivotTables, XLOOKUP, data validation, data cleaning, charts, reporting, and operational dashboards.
- Power BI: Interactive dashboards, data modeling, Power Query, DAX measures, KPI visualization, and business performance reporting.
- SQL / MySQL: Data querying, filtering, joins, aggregate functions, grouping, sorting, and business data analysis.
- Python: Pandas, NumPy, Matplotlib, exploratory data analysis, data cleaning, and visualization.

Operations & Administration

- Production and workflow monitoring, inventory tracking, FIFO, product costing, supplier coordination, and quality checks.
- Document filing, daily project records, logbooks, attendance and timesheet tracking, material issuance logs, and report preparation.

PROFESSIONAL EXPERIENCE

Pastry / Operations Professional | Saudi Arabia

Dao Boutique | Pastry Chef Supervisor | Al Khobar, Saudi Arabia| 2023–Present|

- Supervise daily pastry production, team workflow, and preparation priorities to meet product quality and service standards.
- Coordinate ingredient inventory, purchasing requirements, FIFO stock rotation, and monitoring of perishable materials.
- Monitor product consistency, production schedules, waste, and costing to support operational efficiency.

Ruby's Bakery | Pastry Chef Supervisor| Riyadh, Saudi Arabia| | 2022–2023

- Oversaw pastry preparation and production activities, coordinating daily tasks and ensuring products met quality standards.
- Supported stock monitoring, ingredient handling, production planning, and coordination of team responsibilities.

La Viviane Pastry | Pastry Supervisor | Al Khobar, Saudi Arabia| 2017–2021

- Supervised pastry production activities and coordinated daily preparation tasks to maintain consistent product quality.
- Assisted with ingredient stock control, team coordination, and smooth day-to-day pastry operations.

KAZ Construction | Document Controller | Al Qatif, Saudi Arabia | 2014–2016

- Maintained and organized construction project documents, records, and filing systems for easy retrieval and reference.
- Updated project logs and documentation and supported accurate record keeping for site activities.
- Coordinated with project and site personnel to collect, verify, and organize required documentation.

GREEN GRASS LAND DEVELOPMENT INC. Philippines | 2006–2013
Document Controller / Timekeeper / Warehouse Assistant | Construction Projects – Philippines

Document Control & Project Administration

- Maintained and organized project documents, daily records, logbooks, timesheets, material records, and accomplishment reports.
- Prepared and maintained daily project documentation for management and site reference.
- Recorded daily construction activities, project accomplishments, and weather conditions affecting site operations.
- Assisted in preparing daily and weekly project reports and maintained organized project files.
- Coordinated with site personnel and workers to collect accurate project information.

Timekeeping & Payroll Support

- Recorded daily attendance and working hours of employees and construction workers.
- Prepared daily and weekly employee timesheets and checked records for accuracy.
- Computed weekly employee salaries based on recorded working hours.
- Maintained organized employee attendance and timekeeping records and coordinated attendance discrepancies.

Warehouse & Inventory Control

- Monitored construction materials stored in the project warehouse, including cement, wood, nails, paint, electrical wires, pipes, fittings, and other supplies.
- Recorded materials issued to employees and workers and maintained material issuance logbooks.
- Monitored material consumption and remaining stock and conducted physical inventory checks.
- Reported material shortages, discrepancies, and usage information to project management

SELECTED CONSTRUCTION PROJECTS

5-Storey School Building – Cainta, Rizal

• Supported project documentation, employee timekeeping, material inventory, daily accomplishments, and weather condition recording.

Seventh-day Adventist Church – Guadalupe, Makati | 2-Storey Building

• Supported daily project documentation, employee timekeeping, material monitoring, and project accomplishment records and weather condition recording.

Beach Resort – Anilao, Batangas | 2-Storey Guest Building

• Supported project records, worker attendance, material monitoring, daily accomplishments, and weather condition recording.

Office Renovation – Equitable Tower, Makati | 18th Floor | Carabao Korean Company

• Assisted with project documentation, material monitoring, worker attendance, daily site records, accomplishment reporting and weather condition recording.

Residential House – New Village, Pasig | 2-Storey House with Swimming Pool

• Assisted with daily project documentation, material issuance and inventory records, worker attendance, and daily accomplishment records.

DATA ANALYTICS PROJECTS

Business Performance Analytics Dashboard | Power BI, Excel

- Developed interactive dashboards to monitor sales, revenue, gross margin, and KPI performance.
- Analyzed regional and salesperson performance and created DAX measures for year-to-date achievement.
- Used Power Query to clean and transform business datasets.

SQL-Based Business Performance Analysis | MySQL, Excel

- Imported and cleaned business datasets, analyzed sales, revenue, products, and trends using SQL queries.
- Identified top-performing products and monthly performance patterns.

Data Cleaning & Operational Intelligence Analysis | Python

- Identified missing values, duplicates, and inconsistent records; performed exploratory analysis with Pandas and NumPy.
- Created visualizations with Matplotlib and developed data-based operational insights.

Customer Service Effectiveness Research | Lyceum of the Philippines University – Batangas

- Conducted quantitative research related to customer service effectiveness and operational service performance.
- Organized survey data and used frequency, percentage, and weighted mean calculations in Excel to support interpretation and recommendations.

EDUCATIONAL BACKROUND

Bachelor of Science in Business Administration – Major in Operations Management
Lyceum of the Philippines University – Batangas | 2026

Data Analytics Training – Data Sense Analytics
2025–2026

Health Alliance Training Center (HATC) - Caregiver/Nursing Assistant

April 2024 – January 2025- Al Khobar Saudi Arabia

CERTIFICATIONS

- IT Specialist – Data Analytics | Certiport Global Certification
- Microsoft Excel Data Analytics Certification
- SQL Analyst Certification
- Power BI Analyst Certification
- Python Analyst Certification
